Bachelor of Science / Bachelor of Arts
Clayton State University
Morrow, GA
Computer Science / Film Production
Expected in 12/2021
3.3 GPA

Experience

MailChimp

Technical Content Producer Intern / Atlanta, GA 08/2019 to 12/2019

Assisted in every portion of the video production process including pre-production, scripting, shooting, post-production, and publishing. Captured and edited high-quality screen captures into instructional videos in Screenflow 8/9 for the Mailchimp knowledge base which, on average, is used by roughly 1.3 million users per month. Utilized my computer science background to assist with the creation of videos with more technically advanced topics dealing with Mailchimp's API.

OneConnxt LLC.

Broadcast Technician / Stockbridge, GA 11/2017 to 03/2019

Set up and optimized equipment to maintain signal strength, clarity, and reliability during broadcasts via Linux systems to remotely connect to encoders, decoders, receivers, and feeders. Effectively communicate between multiple parties to confirm connectivity and functionality of broadcast and to keep informed on any issues.

Office Depot

Tech Sales Associate / Jonesboro, GA 02/2017 to 11/2017

Collaborated with customers after sales to identify and resolve service, account, or technical product issues. Educated customers about product features and technical details to highlight the benefits and correct misunderstandings.

Accomplishments

Attended P.A Academy - August 2019
Participated in GA Tech Horizon Hack-a-thon - April 2019
Georgia Film Academy Student - Ongoing
Avid Media Composer User Certified - May 2020
